## 2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

example, we provide a full selection of honors courses for advanced students, interventions for struggling students, and we fully integrate many of our special education students into collaboratively taught Math, English, Science, and History classes.

In addition to the specialized courses, our counseling department offers a comprehensive list of support services to assist students through the academic and social challenges of junior high school. We provide one-on-one meetings, group sessions for anger management, Wellness Wednesdays, and we partner with outside agencies to connect students and families with additional support.

At Orangeview Junior High School we are committed to:

- A coordinated instructional program in which teachers collaborate to ensure all students learn
- A systematic response to students’ academic and social needs

So that all students can:

1. Collaborate
2. Communicate
3. Be Creative
4. Think Critically
5. Build Character and Compassion

We strive to equip students with 21st-century skills that are needed for college, career, and life.

## 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All content subject areas utilize standards-aligned, State and District adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district level through an established curriculum cycle. Teachers are given in-depth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language needs and the learning needs of students.

## School Facility Conditions and Planned Improvements

Orangeview Junior High School opened in 1958. The 20.6-acre site included 42 regular classrooms. There are 14 labs, which are designed for specific programs (i.e. computer labs, science lab, choral music room, etc.). The site also includes a library, a cafeteria, a gym, a parent center, and a variety of sports fields. Large portions of the buildings on site were modernized in 1994. The exterior of all buildings were refurbished and painted with a new color scheme during the summer of 2007.

**Maintenance and Repair:** Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

**Cleaning Process and Schedule:** The District's Board of Trustees has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily. Deep cleaning, including waxing of floors and painting, takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure.

The most recent site inspection was completed on October 24 - October 25, 2024

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

There are many opportunities for parents to become involved in school activities. Our Parent Teacher Student Association (PTSA) was established so that parents may partner with the school to sponsor activities. Parents may also partner with the school by participating in the School Site Council (SSC), the English Learner Advisory Committee (ELAC), Parent Leadership Academy, LCAP process and the Superintendent's Parent Advisory Council. Many of our programs, such as band, choir, athletics, AVID, Puente, and ASB encourage parents to volunteer inside and outside of the classroom. All parents are invited to attend the parent orientation at the beginning of the year with subsequent training offered throughout the year. Invitations to all meetings are made in advance through Parent Square and the Family and Community Engagement Specialist weekly communication. The school website and marquee are also updated regularly. Student planners and eKadence are used for parent/student/teacher communication. Aeries Parent Portal is available to provide current attendance and grade information. Parents may sign up for weekly Aeries updates.

Parents may also visit/contact our Parent Center in order to participate in various activities such as parent learning walks, Parent Leadership Academy, Counselor Advisory Committee, and Ready, Set, Go are held within the school day or immediately after school. Parent Nights, ELAC, technology workshops and Coffee with the Principal are held in conjunction with Western High School and fluctuate between campuses in order to be more accessible to parents. Each school year parents are involved in the evaluation and revision of the policy and the SPSA. Suggestions are noted and revisions are made

2024-25 Opportunities for Parental Involvement

based on funding availability and practicality.

All students have an agenda planner to have access to school resources, school information, and to record what they are learning in their classes. and the assignments they need to complete. Parents may review the planner to see what activities their child has completed during school each day. Regular announcements are made by the site Family and Community Engagement Specialist to parents via Parent Square to inform parents of additional involvement opportunities.

## 2024-25 School Safety Plan

School Safety Plans are reviewed, discussed, and updated on an annual basis. Input is gathered from staff, students, and community resource groups along with the School Site Council in order to determine any needed changes. The Orangeview Junior High School Safety Plan is implemented by staff members. No less than four safety/evacuation drills are conducted

2024-25 School Safety Plan

throughout the school year. Students, teachers, and other faculty members are required to participate in these drills.

A safety committee was approved by School Site Council on 11/20/24 to update the Safety Plan for the 2024-2025 school year. It is annually reviewed by the School Safety Team which meets quarterly. The School Safe Action Plan was approved by SSC on 12/18/24. Staff PD time is utilized to review the plan and new changes that have occurred during the first quarter. The California Shakeout and evacuation drill took place on October 17, 2024. All students receive evacuation and lock down safety procedures in their homeroom period. Each classroom is equipped emergency evacuation backpacks, lockdown buckets, and folders with class rosters.

## Fiscal Year 2023-24 Types of Services Funded

Through funding from state and federal categorical programs, such as Title I and LCFF, Orangeview Junior High School offers several support services for our students. Some of these include, but are not limited to after-school homework assistance, Saturday Academy, parent involvement opportunities, and Anaheim Achieves after-school program. Orangeview also funds portions of Puente and AVID in order to ensure the success of all students in being both college and career ready.

The position of Family and Community Engagement Specialist is used to increase knowledge of parental involvement opportunities and form partnerships with the local community. In addition, we fund half the salary of a 5 Cs Coach to support professional development of staff and implementation of instructional strategies, and a bilingual instructional aid to support our beginning English language learners. Additional technology is purchased to continue & support 1:1 devices and enhance students' educational opportunities to access curriculum. Community School funding is a five year grant to support stronger relationships within our community by providing a TOSA (released 3 periods) and a coordinator to help meet the needs of the program.

Professional Development

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to four professional development days and weekly late-start meetings, which are scheduled each year for professional learning activities. New teachers are also required to participate in a teacher induction program. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize students' assessment results in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All District staff members are supported in their efforts to deliver highly effective lessons. Teachers and administrators are given many opportunities to examine current instructional programs and strategies and realign with state curriculum performance and content standards. Research-based instructional strategies are reviewed and implemented.

In addition to what the district provides, Orangeview Junior High School has weekly professional development opportunities on Thursday's late start days. The School Leadership Team plans professional development, which includes the planning, delivery, and collection of the Capstone artifacts and reflections. All educational staff is involved in a variety of workshops and conferences.

This table displays the number of school days dedicated to staff development and continuous improvement.
